

When a team of dedicated individuals
decides to work together...
the sky's the limit.

This Playhouse is dedicated to America's heroes:

The brave Armed Forces,
Firefighters and Police Officers.

California Home Builders is proud to be part of Project Playhouse
and we thank all our friends who participated
in building the Kid's Command Post

Win Me!

KID'S COMMAND
POST

ARCHITECT

BUILDER

DESIGNER

We at California Home Builders couldn't think of better role models for our future generations than the Armed Forces, Firefighters and Police Officers. Thanks to them, peace will always prevail. They are the ones that assure the survival and success of freedom and liberty for all. They are our heroes.

The KIDS' COMMAND POST, designed to replicate an Army bunker, provides a central headquarters of fun for all ages. A spiral staircase or climbing ropes lead you to the walking deck. When the coast is clear, slide down the fireman's pole for a top-secret video briefing on the plasma TV delivered in surround sound. When the alarm siren blares, it's time to take out the battery powered Hummer or Fire Engine to secure the neighborhood. Then return for a tactical workout on the Sony PlayStation before staging a sleepover in regulation bunk beds. Rest assured because an exterior canvas patio cover protects your KIDS' COMMAND POST.
